

ASTRO ADJUSTA

Ideal for Multiple Users/Recycling - Highly Adjustable and Modular!

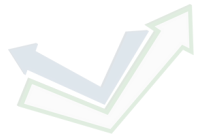

The Astro Adjusta (single or dual motor) tilt-in-space, is our entry-level riser recliner care chair for users with milder disabilities – ambulant/semi-ambulant.

MADE IN BRITAIN

The Astro Adjusta has waterproof fabrics on the outer surfaces and vapour permeable fabrics on the contact surfaces, providing pressure relief and comfort - with durability.

A variety of backrest cushion sets and pressure relief seat cushions are available and easily replaced/upgraded. All the surfaces behind the cushions are quickly accessible and easily cleaned.
