

ASTRO LONGFORD BARI

The Astro Longford Bari is a hoist-in chair that has been designed specifically to provide bariatric users with a modern, sturdy and attractive seating solution.

MADE IN BRITAIN

Manufactured in Britain to the highest standards of design, the Astro Longford Bari offers users variable backrest and pressure relief options.

It has multi action, tilt-in-space, backrest recline, legrest elevation and doubles as a pressure relief and comfortable day chair, redistributing body weight over a larger surface area to minimise stress on pressure points.
