BESPOKE CHAIRS

PAEDIATRIC

The all-foam **Snooza Chair** has been designed with many users in mind. It's planar angles use gravity to keep the occupant safe whilst maintaining a high degree of postural stability.

The **Astro Ansty** is available in Infant and Kinder versions and offers a multi adjustable, manual backrest support, specially designed to stabilize and, where possible, realign spinal asymmetries.

The **Astro Longford** comes in both Infant & Kinder options and boasts incredible comfort/adjustability. This chair has been designed to be the most cost effective and adaptive Paediatric Care Chair on the market today.

BARIATRIC

The Astro Bari Basic Dual Motor Riser Recliner features an extra wide seat of 72cm (28") and supports users up to 200kg (31.5st), providing a seating solution for people with larger physiques to relax in comfort.

The Arden Multi-Function comes with unique four motor technology which enables the user to combine independent tilt-in-space movement with independent backrest recline, independent legrest and rise movements for maximum pressure and posture management options.

The Astro Longford Bari has been designed specifically to provide bariatric users with a modern, sturdy and attractive seating solution. Manufactured in Britain to the highest standards of design, it offers users variable backrest and pressure relief options.
